About US

Chemical Warehouse is a Zimbabwean privately owned limited company that distributes chemical raw materials, specialty blends and lubricants to the manufacturing (detergents, food and beverages, paint, pharmaceutical, cosmetology, etc.) mining, agricultural and water treatment industries.

Our Mission

To add value to our customers through the continuous supply of quality products in a sustainable manner.

Our Vision

To be the preferred supplier of quality raw chemicals, specialty blends and lubricants in Zimbabwe.

Our Values

1. Excellence

We provide high quality products to meet our client's needs.

2. Integrity

We hold ourselves to the highest standards, and behave honestly and professionally.

3. Results

We commit ourselves to meet our client's needs.

Inhouse Products

We source quality products and stock raw materials for various industries to ensure that it reaches the end user using sustainable channels. To this end we stock and supply all products under our portfolio and offer the required technical backstopping. Our wide range of quality chemicals and lubricants are used across many sectors of the economy including Water Treatment, Mining, Power Generation, Food & Beverage as well as General Industry.

Water Treatment

- * Aluminum sulphate
- * Calcium Hypochlorite (HTH)
- * Hydrated Lime
- * Soda Ash Dense
- * Caustic Soda Flakes
- * Filter cloths
- * Chlorine Dioxide
- * Ion exchange resins
- * Caustic Soda Iye (49%)
- * Activated Carbon
- * Filter cartridges

Solvents

- * Propylene Glycol
- * Isopropyl Alcohol
- * lacquer Thinners

Inhouse Products ...

Power Generation

- * Ferric Chloride
- * Caustic Soda Flakes
- * Caustic Soda Lye
- * Hydrochloric Acid
- * Sulphuric Acid

Food Grade Commodities

- * Citric Acid
- * Sodium Bicarbonate
- * Calcium Propionate
- * Wheat Gluten
- * Phosphoric acid

Industrial Chemicals

- * Caustic Soda Flakes
- * Hydrogen peroxide
- * Sodium Lauryl Ester Sulfate
- * Linear Alkyl Benzene Sulphonic Acid
- * Sodium Tripolyphosphate
- * Hydrated Lime
- * Diatomaceous earth
- * Random packing
- * Refractory materials
- * Filter cloths
- * Soda Ash light and Dense

Inhouse Products ...

Chemicals Water Treatment

Water treatment additives and products for membrane cleaning without residue. Besides our natural filter materials and membranes, we can supply chemical agents. These chemicals are added continuously during ongoing operation to prevent precipitation of insoluble salts on the membrane surface.

Membrane Filtration

Detergent and disinfectants for the complete water treatment system and especially for ultrafiltration and reverse osmosis membranes

Membrane for ultrafiltration (sanitisable)

Membrane for ultrafiltration (basic)

Membrane for reverse osmosis (sanitisable)

Membrane for reverse osmosis (sanitisable)

Management Service

CERTIFICATE

The Certification Body
of TÜV SÜD Management Service GmbH

certifies that

**KIC KRONES Internationale
Cooperationsgesellschaft mbH**

**Böhmerwaldstr. 5
93073 Neutraubling
Germany**

has established and applies
a Quality and Environmental Management System
for the following scope of application:

**Development, distribution, service and trade of
substances and products for the operation of machines
and plants for the beverage and food industry.**

Performance of audits (Order No. 707044457)
has furnished proof that the requirements under:

**ISO 9001:2015
ISO 14001:2015**

are fulfilled.

The certificate is valid from **2021-06-24** until **2024-06-23**.

Certificate Registration No.: **12 100/104 50232 TMS**.
