We specialize in both residential and commercial air conditioning for homes and businesses. We offer installations, preventive maintenance, repair and replacement.

ABOUT THE COMPANY

SplashAir has proudly served the Greater Harare, Bulawayo, Mutare areas with the integrity and professionalism you need in an HVAC company. We are truly a family company and we are dedicated to maintaining your home or business overall comfort levels.

Our owner, Alfred Motsi, has years of experience in the heating and air conditioning industry, and all of our professional technicians are fully certified to work on all major brands of HVAC units. You can trust our HVAC experts to address all of your heating and cooling needs.

Each member of our professional, uniformed team is dedicated to providing customers with courteous treatment, attention to detail and high-caliber service that creates a dynamically better customer experience.

We're very particular on who we hire to bring to your home or business. We strive to have team members that are talented and trustworthy, share our high standards and principles as well as a sincere desire to exceed our customers' expectations.

OUR VISION

We want to be the nation's premier air conditioning service provider, offering the best customer experience, superior installations, and top-quality maintenance and repair services. This does not mean being the biggest, but being the best in terms of value, customer service, employee talent and consistent, profitable growth.

OUR MISSION

SplashAir is dedicated to providing the highest quality service and comfort to our valued customers. We strive to always exceed our customers' expectations. Our core values include: Honestly, Integrity, and Accountability. We treat our customers as we would like to be treated and look forward to lifelong relationships.

To experience the benefits of working with our heating and HVAC professionals, call us at +263 715 212 141/2. or visit us on the web at www.splashaironline.com Schedule your appointment today!

WE PROVIDE AIR COMFORT SOLUTIONS FOR ALL ENVIROMENTS

We specialize in everything HVAC-related for both residential and commercial customers, including heating, air conditioning, repairs, installations, and more! Our team of certified technicians is ready to help you beat summer heat, stay warm during the winter, and feel comfortable throughout the entire year. We can install, repair, convert, and maintain HVAC systems of all kinds.

Sales & Installations

If you need heating or air conditioning installation, we can provide you with exceptional service and competitive rates. Let us help you install or upgrade to a new system, how to do so affordable, and how to make the most of your investment.

Service & Maintenance

Get exceptional service, affordable repairs, and comprehensive solutions to ensure your home remains comfortable and energy efficient. Let our team help you with any of the repair needs you have

Commercial Services

We are a single resource for all aspects of HVAC system layout and design-build. We start with a complete study of your structure's needs, then design and build your system to your custom specs, on your schedule, and within your budget

MESSAGE FROM THE DIRECTOR

Alfred Motsi

Director Splash Air (Pvt) Ltd

Welcome

In order to succeed in this demanding business we have to develop professional know-how and apply it effectively and consistently for our customers' benefit. We also have to build long-term, confidential and mutually beneficial partnerships.

WHAT DO WE OFFER YOU?

The reason we are in business is to add tangible value from the very first consultation and throughout the entire life cycles of investments. We want to provide you with the best and most comprehensive technical consulting and engineering services, products and complete solutions for all your needs.

We have the expertise and capacity to implement even the most demanding technical investments. Our ultimate goal is to make you more successful. This we believe will make us successful too.

GET IN TOUCH

We enjoy rolling up our sleeves and starting a challenging new project. Send us a contact request or get directly in touch with one of our experts. We look forward to offering you technical expertise that can drive your business

Register our company in your approved and qualified vendor list and send us your enquiry. We assure you that you will have trustworthy supplier and service team & to us a satisfied customer.

Zimbabwe's HVAC experts dedicated in providing Professional Installation, Repair And Maintenance Services, With a focus on customer care and satisfaction

We only work with the best brands on the market, including but not limited to Samsung, LG, Daikin, and Midea. All of our products come equipped with great Energy Efficiency, Performance Ratings. We can perform maintenance, repairs, and installations on all products.

There are plenty of options available for AC installation, service and repair in the country, but SplashAir stands apart from the rest for many reasons. By working to meet each unique customer need, the team of experts goes above and beyond to provide professional services.

One final point I would like to make is that we believe in strong and lasting relationships. We think of ourselves as part of our customer's team, rather than an outside contractor. Our goal is to be the first company you think of for any of your project and service needs. When we earn that kind of confidence, then we know we make a difference.

I look forward to the opportunity for our organizations to do business together and to show you what we can do for you. And, during the course of our relationship if I can help in any way, please call on me.

Efficiency, budget quality

To date all our project have been completed on time and withing budget. This is our goal that we hope to mantain

WHAT WE DO OUR SERVICES

Efficient, Flexible HVAC Solutions for Comfortable Home, Business, Government and Public Buildings .

Complaints about the building being too hot, cool, humid, stuffy, and/or noisy — or complaints arising due to downtime of the HVAC system — interfere with normal operations. Splash Air offers innovative technologies to help meet the expectations of occupants in public buildings. SplashAir has extensive experience providing innovative HVAC solutions for indoor public environments where temperature, humidity, sound, air quality, and low operating and maintenance costs are important.

Sales and Installation

finding the right system for your home can be overwhelming. We can make sure that you select the right size heating and cooling system. We stock air conditioners, heat pumps, furnaces and other types of heating and cooling systems.

Residential / Home Air Conditioning

Home, the most comfortable place in the world. But how comfortable is it really when you don't have quality climate control. Your air conditioning system is important for you and your family for added comfort in your home

Commercial /Office Air Conditioning

Whether you need high-quality service to your current air conditioning system or are looking to upgrade to a more efficient option, our technicians have the knowledge and skills to help with the ideal affordable solution to suit you

High Performance, High Efficiency, and Low Operating Costs

HVAC systems account for a significant amount of the energy consumed in public buildings, making them an obvious target for reducing operating costs. Reducing energy consumption from an HVAC system, while providing the ideal indoor building environment, represents the ultimate balance of economic and green objectives — and reduced carbon footprint — for any public facility. Our efficiency innovations can help you save energy and lower operating costs,

Reliable Solutions with Low Maintenance and Easy Service

To ensure a consistently comfortable and productive work environment whether in your home or in a public or government building, you need an HVAC system that's reliable and easy to maintain. If a problem occurs, your maintenance team wants equipment with easy access to crucial components to ensure maximum uptime, peak performance, and a high-quality environment. Equipment from SplashAir meets both requirements.

Preventative Maintenance Services

Waiting for HVAC equipment to fail before servicing can be a costly gamble. Our Preventative Maintenance Plans could save you as much as 60-67%* in repair costs while ensuring the air quality and comfort of the building's occupants.

HVAC Systems Design Assist Services

Expert technology design services. Work with our team of expert engineers to develop a custom strategy for your facility needs and ensure that you choose the right system to meet your needs both now and in the future.

Customer education & Training

We offer extensive controls training to our customers. Just as we provide the best training for our employees, we also offer this training to our customers to increase and enhance their understanding and knowledge of their systems.

WE LOVE OUR CLIENTS

We love our clients, and we like to think they love us too! We deliver high quality results within budget. No hidden costs or agendas. Our company is always growing and changing based on the feedback we receive from our clients. We love our clients for giving us valuable feedback and our clients love us because we listen to them time and time again

We serve a variety of industries through the creation, design and construction of building systems. Our customer base includes private homes, offices, retail shops, restaurants, educational facilities, healthcare facilities, government and public buildings.

SplashAir has worked with a plethora of private companies, non-government agencies, non-profit and public organizations around the nation. References are available upon request

WHY CHOOSE US

We are a locally owned company and can attend to any situation within the shortest possible time frame. Our team of technicians are professionally trained to diagnose and repair all types of heating and air conditioning systems.
