OUR FLEET

Group B - Mini Vans

These are perfect for the extended family or people with lots of luggage, also ideal for game viewing as you sit higher up. They have up to 7 seats, but the 2 extra seats are in the boot, which means if you are 7 people there is hardly any luggage space left. This group includes a Serena, an Elgrand and a Noah.

Group E - SUVs

If you're looking for a stylish yet fuel-efficient car rental for your next vacation, you will love The Best Car Rentals' wide range of SUV vehicles. You'll never be short of space and everyone will have a great view from the raised seats that are typical of such cars. You will be guaranteed enough space for your luggage without sacrificing on legroom.

Group A - Family Size/ Sedans

A sedan boasts enough boot space for Dad's golf bag, or Mom's shopping bags or large suitcases for those memorable family holidays. The strong 1.4L - 2L engines mean you have a comfortable, yet affordable drive. All the safety features give parents peace of mind and the separate boot helps to keep the luggage out of site. This group may include a Chevrolet Cruze and a Toyota Corolla Bubble.

Group C & D - 4x4s & 4x2s

For the real serious offroaders or people who love their space and luxury. Bakkies offer more carrying space for larger loads. This group includes the Ford Ranger and the Toyota Hilux.

Group F - Executive

We recognize that some clients expect a better rental car and a higher level of service, and while we're committed to making sure that every traveller receives the smooth rental experience they deserve, our executive class of rentals offer clients a true feeling of luxury.

Group H & I - Buses

Need to move a party of people? We are here to help. The 15 to 25 seater bus options put your comfort and safety at the forefront.
